

**Western New York Prevention Resource Center
Health Disparities Impact Statement
It Takes A Community Drug and Alcohol Prevention Coalition (ITAC)
Elma, Marilla, Wales
June 2023**

Assessment: Our coalition will connect with various Iroquois High School Clubs including Diversity Club, Genders & Sexualities Alliances (GSA) Club, and a variety of other clubs to learn more about the underserved populations in our communities.

Capacity: Our coalition will continue to connect and expand our partnership with Star Wheeler, Health and Wellness Director of Native American Community Services-Erie (NACS) to learn more about health disparities in our communities.

Strategic Planning: Our coalition will engage in recruitment efforts in underserved areas of our community to enrich overall strategic planning activities.

Implementation: Our coalition will continue to recognize and respect the Onöndowa'ga:' (Native) people as traditional stewards of the land on which our communities are located during all ITAC meetings, events, or gatherings.

Evaluation: Our coalition will conduct Key Informant Interviews and Focus Groups with partnering members of the Iroquois High School Clubs (mentioned above) to highlight health disparities that exist in our communities.
